

ARSHIA ASHOK

+91 9656525780 arshiaashok03@gmail.com [Arshia Ashok](#)

Summary

Adept and versatile engineering graduate seeking collaborative opportunities to utilize technical and problem-solving skills. With strong communication abilities, eager to pursue career opportunities to gain experience. Known for resourcefulness, honesty, and efficient work approach.

Education

FEDERAL INSTITUTE OF SCIENCE AND TECHNOLOGY, ANGAMALY <i>BACHELOR OF COMPUTER SCIENCE ENGINEERING</i>	2020 – Current CGPA: 7.16
CITADEL RESIDENTIAL SCHOOL,RANNI <i>HIGHER SECONDARY EDUCATION – BIO-MATHS</i>	2018 – 2020 PERCENTAGE:71

Technical Skills

Languages/Database: Python, Java, C, SQL, JavaScript,Swift, Oracle

Web Technologies: HTML, CSS, JavaScript

Software & Tools: Visual studio code, AWS, Microsoft office, Microsoft edge,LaTeX

Soft Skills

- Confidently speaks in public
- Openly Expresses ideas
- Provides well thought-out solutions
- Detail-oriented
- Self-disciplined
- Manages projects effectively

Experience

TechByHeart <i>DATA SCIENCE</i> <ul style="list-style-type: none">• Completed a 15-day internship program on Data Science	Year: 2023
Consolidated Techware Private Limited <i>APP DEVELOPMENT</i> <ul style="list-style-type: none">• Attended a six-day internship on iOS app development with industry support	Year:2022

Projects And Workshops

Micro Project on Mobile Online Shopping

- Developed and implemented an e-commerce website with robust database management, ensuring data privacy and delivering a user-friendly shopping platform.
- Contributed to the creation of an exceptional front-end interface using HTML, CSS, collaborating with a cross-functional team of four members to design intuitive features that enhanced the online shopping experience.

Personal Website for Arshia

- Designed a personal website showcasing my services, experiences, skills, and personal information, focusing on creating a compelling online presence.
- Utilized HTML, CSS, JavaScript, jQuery, and Bootstrap to craft a visually appealing and user-friendly interface.
- Demonstrated adaptability by exploring frameworks to gain insights into user preferences, resulting in an impressive and impactful web presence.

Mini Project in Mobile App Development

- Leading the development of an EV charging station finder app with slot booking, and push notification features.
- Contributed to a team of four members, focusing on developing the project's backend using Firebase and Node.js. Ensured efficient data management and seamless integration for the project's success.
- Designed and implemented separate interfaces for users and owners, optimizing user experience and providing owners with demand forecasting capabilities.

Participated in a two-day workshop on Data Science conducted by NIT Calicut.

Attended a two-day workshop on Cyber Security and Ethical Hacking.

Acheivements And Certifications

- Google Data Analytics Professional Certificate
- Successfully participated in a college-organized Hackathon with a team of four, advancing to the final round by implementing innovative solutions for wildlife detection
- Played an integral role as an active member in diverse clubs while also taking charge of organizing events.
- Actively engaged in volunteering for numerous events within IEEE and other organizations.
- Excelled in diverse mathematics quizzes, winning prizes for exceptional performance.

Hobbies And Interests

- | | | |
|------------------|-----------------------------|--------------------------|
| • Volunteering | • Reading | • Learning new languages |
| • Playing violin | • Chess | • Fitness Enthusiast |
| • Football | • Classical music and dance | |
